The British Minister Interviewed by the Sentinel Correspondent on the War Prospects With Russia.

Some Talk on Pearson's Appointment—The Senate Adjourns Sine Die—News of Interest.

### THE ANGLO-RUSSIAN WAR.

An Interview With the British Minister. Special to the Sentinel.

WASHINGTON, April 2.—In view of the imminence of war in Afghanistan between England and Russia, your correspondent today called upon Hon. Lionel Sackville West, the British Minister, to obtain, if possible, his views upon the subject. I was lucky enough to find him at home and temporarily disengaged. The only drawback was that the honorable representative of the bold Briton stood up, which compelled me to remain in a peculiar attitude also. I asked him what he thought of the situation. He said:

"The situation is a very grave one. The Government is calling out the reserves and militia, and in the great and rapid preparations they are making in getting war vessels and transports ready show that they are not going to shrink a struggle with the Czar, if either England's honor or interest requires it. As to specific news, you know as much about it as I do, as your admirable papers appear to publish everything as fast as it happens."

"Do you think, Mr. West, that war is inevitable?"

"No; I will not say that. War is very probable, but not inevitable. We were very near war during the Russo-Turkish war. An English fleet was sent to the Bosphorus, and the reserves were ordered out; but an armed conflict was avoided by Russia's agreement to submit the San Stefano treaty to the Berlin Conference of the powers. This agreement was made at the last moment. So it may be now. Diplomacy may avert war. However, I can say this: The war spirit is strong in England among the people—stronger than at any time since the Crimea. In Russia, among the soldiers and ruling class, I understand that the war feeling runs high. The cable tells us of a banquet given at Odessa to some troops ordered to Afghanistan, at which toast to a long and bloody war with England was received with enthusiasm. Yes, I fear there will be war between the two countries."

"Do you fear the result?" I asked.

"Fear the result?" he echoed, with a shade of astonishment tinged with scorn. "No, I do not fear the result, neither does any other Englishman. England has seen more troubled times than this, and has always emerged victoriously."

With this the Hon. Mr. West excused himself, and I withdrew.

Indians in Washington.

WASHINGTON, April 2.—Though the Senate adjourned without confirming the nomination of Henderson to succeed Kirkpatrick, the former's commission will be issued to him, and he will assume the duties of the office. Vice President Hendricks stated to the Sentinel correspondent to-night that he would not leave here for several weeks yet. He endorsed the application of Calvin A. Elliott, formerly a merchant of Indianapolis, for Postmaster at Tucson, Ariz. Mr. Elliott will, it is expected, get the appointment.

Senator Harrison leaves for home to-morrow. Bynum left to-night.

Among the callers on the President to-day were Voorhees and Echols.

Dr. Hunter says he will receive the appointment of Internal Revenue Collector for the Lawrenceburg District this week.

William E. McLean, of Terre Haute, is here at the Ebbett.

Martin A. Service has been appointed Postmaster at Lapland, Montgomery County.

The failure of the Senate to act upon eleven of the President's nominations before adjourning sine die caused a good deal of talk here, but the fact is that only three or four of these were in any way even considered in committee. They were not reached.

A Republican Senator said to the Sentinel correspondent: "The Senate is in no mood to antagonize President Cleveland's appointments. Such nominations as were not acted upon should not be considered as having been rejected. They were simply laid over for future action."

Regarding Pearson's appointment.

WASHINGTON, April 2.—There are a few people around the hotels who profess to believe that the nomination of Mr. Pearson to be Postmaster at New York will jeopardize the interests of the Democratic gubernatorial candidate next fall. To such prominent New Yorkers with whom the Sentinel correspondent has talked, the sentiment is unanimous that with good candidates in the field the State will roll up a handsome Democratic majority.

Congressman Nicholas Muller said to the Sentinel representative to-night: "All this talk about the State of New York being in danger of going Republican next fall is bosh. We have only to select a man like Roswell P. Flower, Erastus Corning or the present Governor, Hill, and we can win without trouble. The nomination of Mr.

Pearson has made some people a little sore, but before many days they will look at the matter through different glasses. For my part," continued Mr. Muller, "I will frankly say that Mr. Pearson was not my choice; but as the President has nominated him, I accept the result as a politician should, believing that it was for the best interests of the party."

### NEWS OF NATIONAL INTEREST.

The Marines Badly Armed—Confirmations—Marine General's Opinion—Other Interesting Notes.

WASHINGTON, April 2.—A prominent navy officer, in speaking of the Panama difficulty and the sending of a force from the United States, said to-day: "It is a subject of regret among naval officers that the sailors, who will probably form part of the force to be sent to the Isthmus, will not be as well armed as the marines, or even as well as the forces with which they will have to contend. Their arms consist of the short magazine guns, which will not compare in range with the Springfield rifles. Neither are they supplied with bayonets."

Government officials are of the opinion that the transit will not continue closed for any length of time. It will depend upon information derived in the meantime whether any additional force will be sent to Aspinwall Monday. The Pacific Mail Steamship Company has reduced the rate for taking the men to \$10 per man, including their subsistence upon the passage, and including the tents and camp equipment. This covers about the actual cost to the company for taking them. The four ships of war which will be at Aspinwall by the time the Pacific Mail steamer arrives have Gatling guns for use on land and a force of sailors trained in their management.

It is understood that the President has sent to the Senate a message asking the suspension of action upon the nomination of Alexander R. Lawton, of Georgia, to be Minister to Russia, until the papers in connection with the removal of his disabilities can be found. It is understood that the suspension is only temporary.

The President has also notified the Senate that he will send no more nominations to-day.

The Secretary of the Interior has received from the Attorney General an opinion concerning the status of the lands in the old Winnieago, or Crow Creek Indian reservation, Dakota. The Attorney General holds that the order of ex-President Arthur, of February 27 last, opening these lands to settlement, is inoperative, for the reason that the Sioux Indians hold a title to the lands under the treaty of 1868. The land has already been covered with entries by white settlers under President Arthur's order; but it is probable that the effect of this decision will be to deprive them of any rights they may have acquired.

The last message received by the Senate from the President was as follows: To the Senate of the United States.—I hereby withdraw the nomination which was delivered to the Senate on March 30, 1885, of Alex. R. Lawton to be Envoy Extraordinary and Minister Plenipotentiary of the United States to Russia.

(Signed.) The Secretary of the Treasury has just decided an interesting point arising under the Chinese Immigration act. Joe Zames, a Chinaman residing in this country, and who has embraced the Christian religion, applied for permission to bring his wife and live in China to this country. The Department decided, under a recent ruling of the United States Circuit Court of California, that she can not be allowed to land.

The Treasury Department to-day purchased 400,000 ounces of silver for delivery at the New Orleans and Philadelphia mints.

Among the nominations not acted on by the Senate to-day were H. P. Kornochan, to be Naval Officer at New Orleans; James O. Henderson, to be Collector of Internal Revenue for the Eleventh District of Indiana; John T. McGraw, to be Collector of Internal Revenue for the District of West Virginia.

Secretary Manning left Washington this evening for Albany to attend to some pressing private business. He will be gone about ten days.

### Senate Proceedings—Adjourned Sine Die.

WASHINGTON, April 2.—In the Senate to-day, after the reading of the Journal, the morning bulletins relating to General Grant's health were read from the clerk's desk. Mr. Morgan offered the following resolution, for which he asked immediate consideration:

Resolved, That the Secretary of the Interior be and is hereby directed to furnish for the information of the Senate, copies of all papers and correspondence filed in his office since the 11th day of March, 1885, relating to the appropriation of \$200,000 for the Cheyenne and Arapaho and the alleged misappropriation of a portion thereof.

Mr. Ingalls objected to its present consideration and it went over for a day.

Upon motion of Mr. Sherman the Senate, at 12:10, went into session.

At 4 o'clock the doors were reopened and the Senate resumed legislative sessions.

At 4:20 p. m. Mr. Sherman moved that the Senate adjourn sine die. Carried.

In announcing the result the Vice President said:

"Sensors, I desire to express to you my obligations and thanks for the kindness and support I have received at your hands. The Senate stands adjourned without day."

### Nominations.

WASHINGTON, April 2.—The Senate in executive session to-day confirmed the nomination of Henry G. Pearson to be Postmaster at New York.

To be Postmaster, Osborn Shannon, at Lawrence, Kas.; Norman J. Coleman, to be Commissioner of Agriculture; Joseph E. Johnson, of Virginia, to be Commissioner of Railroads; Edward Park Curtis Lewis, to be Minister to Portugal; George W. Morrill, to be Minister to Hawaiian Islands; Alexander McCue, to be Collector of Internal Revenue; W. Roberts, to be Minister to Chili; Clement Dowd, to be Collector of Internal Revenue for the Sixth District of North Carolina; Isaham G. Searcy, to be Collector of Internal Revenue, Third District of Texas; Nathan Greag, to be Collector of Internal Revenue, Second District of Tennessee; Andrew J. Waller, to be Consul General at London, England; Edmund Jessen, to be Consul General at Vienna, Austria. To be postmasters: Charles E. Cook, at McPhears, Kas.; Albert Shepherd, at Waverly, Iowa; B. S. Gray, at Portland, Ind.; J. A. Showalter, at Latrobe Pa.; J. R. Raynsford, at Montrose, Pa.; Thomas L. French, at Alexandria, La. The nomination of G. Marion Moore, to be postmaster at Pleasanton, Kan., was rejected to-day by the Senate.

### ASPINWALL.

American Interests to be Protected by Force—Two Hundred Marines Will be Sent by the Next Steamer.

WASHINGTON, April 2.—In answer to a telegram sent last night by Secretary Whitney to the President of the Pacific Mail Steamship Company, at New York, relative to the number of men the Company's vessels can take to Aspinwall without delay, the following reply was received this morning: "We can carry 200 men in the City of Paris, to-morrow, at noon, and 600 in the Aspinwall, and with extra provisions. This will place four ships and between 400 and 500 available men at Aspinwall for land service. As to Monday's steamer, will communicate hereafter." The men will be taken from the Brooklyn Navy Yard in reply to a telegram sent to Commanders, Kanth of the Galena, the following was also received to-day: "Transit is closed. Steamship property is safe and in my possession, also the railroad property at the north end of the island. It is advisable to send the men to the island."

When it was learned in the Navy Department this morning that the Secretary had determined to protect American interests at the Isthmus by force, there was considerable excitement among the naval officers on duty here. A number of them immediately volunteered their services to go to Aspinwall. The selection of officers, however, has been left to the Board of Detail, which convened at 11:30. It is understood that Major Charles Hayward, of the Marine Corps, who is in charge of the Marine barracks at Brooklyn, will have the immediate command of all the marines. A naval officer of rank, however, will probably be detailed to command the expedition.

### The Burning of Colon, or Aspinwall.

PANAMA, April 2, via Galveston.—The particulars of the battle at Colon and the burning of that city are still meagerly reported. The attack upon the rebel fleet by the Colombian troops was led by Colonel Ulio. The Colombian forces were utterly routed after a severe engagement. As soon as President became convinced that it would be impossible for him to maintain his position he set fire to the city in various places and then made his escape. Only a few of his followers succeeded in getting away with him. The city is almost a complete ruin. Only three houses are left standing. Much distress prevails among the people who have been rendered homeless. Everything is quiet here at Panama, and no serious apprehensions of attack from the insurgents is felt. Communication with Colon remains open.

### United States Mail Matter Burned.

NEW YORK, April 2.—Cable advices from Aspinwall received by Postmaster Pearson report a serious loss of mail matter in the destruction of that city by fire on the 31st ult. The entire mail for the South Pacific, dispatched from New York on the 21st ult. by the steamer Colon, was destroyed, and also the registered mail for Aspinwall sent by the same steamer. The letter mail was nearly all delivered before the fire broke out. As accurately as can now be stated, the mail for Central America and the Pacific coast of South America burned consisted of 150 packages of registered mail, ten sacks of ordinary letters and fifty three sacks of papers.

### Marines for Aspinwall.

PHILADELPHIA, April 2.—Captains Fagan and Cochran and sixty men of the United States Marine Corps left League Island Navy Yard to-day at three hours' notice for New York, to sail thence to-morrow for the Isthmus of Panama.

NEW YORK, April 2.—There is a quiet hum of preparation to-day at the Brooklyn Navy Yard and at the marine barracks in Brooklyn. The cause is said to be an intimation from Washington that it would be well to have the available marine corps in this station ready for transportation to the Isthmus of Panama in order to protect American interests. If needed 150 marines can be sent away at two hours' notice. The Ordnance Department is also kept busy supplying Gatling guns and such ammunition as may be called for.

### Train Went Through a Bridge.

HARRISONVILLE, Mo., April 2.—The North-bound freight train on the L. and S. branch of the Missouri Pacific was wrecked near here last night. The engine and five cars going through a bridge, which had been weakened by swollen streams. Engineer Tooley was carried down in the wreck, and held in water up to his neck for several hours until extricated. Albert Mileman, a farmer of Paola, Kan., in the car with his household goods, was killed.

### International Copyright Law.

NEW YORK, April 2.—The American Copyright League will issue to-morrow an address to the public, explaining the injustice done to native and foreign authors by the want of an international copyright law. Among the signers of this address are Bishop Potter, E. C. Stedman, Edward Eggleston, Thordyke Rice, Rev. Robert Collyer, Charles Dudley Warner and John Bigelow.

### Palmer Again Convicted.

CINCINNATI, April 2.—Joseph Palmer was this afternoon convicted again of murder in the first degree. He was the accomplice of William Berner in the murder of William H. Kirk. Berner's conviction of manslaughter was the leading cause of last year's riot.

He is Moving on Tamai to Fight Osman Digna's Arabs.

SUAKIM, April 2.—General Graham telegraphs from General McNeill's zereba, under date of 11 o'clock this morning, as follows: "We are now advancing upon Tamai with our entire force, and will undoubtedly compel the enemy to fight to-day."

### The Advance Unmolested.

LONDON, April 2.—A dispatch from General Sir Gerald Graham, dated at 6 o'clock this evening, gives the following history of the day's advance: "We advanced at 4 o'clock this morning with the entire force in square formation, the cavalry scouting. We reached the zereba at 1 o'clock. There we reconnoitered from a balloon. The enemy were reported visible in small numbers. The weather was fairly cool. Only a few men fell out of the ranks for water. We continued the advance in the afternoon till 3 o'clock, the mounted infantry and the Bengal cavalry scouting. At 3 o'clock we occupied Teseleh Hill, eastward of Tamai. The enemy appear to have retired, but no preparations against attack will be neglected."

### RUSSIAN PREPARATIONS.

Cruisers and Torpedo Rams Being Fitted Out.

LONDON, April 2.—Russia is taking active steps to place her navy on a better war footing. In addition to the five heavy ironclads, the seven half-plated cruisers and five torpedo rams, recently mentioned by the Vossische Zeitung as being built for the Black and Baltic Seas, a number of cruisers and torpedo rams are being rapidly fitted out at Nicolaieff, the station of the Russian Admiral and fleet, at the confluence of the Ingul and the Bug. The cruisers are from 5,000 to 8,000 tons burden, and will each be armed with from ten to fourteen cannon, about half of which will be of long caliber. The vessels are expected to attain a speed of at least sixteen knots an hour. The torpedo rams have a displacement of about 3,000 tons, and are estimated to go about fifteen knots an hour. They will be armed in addition to the torpedo apparatus, with six machine-guns and four smaller guns.

The Emir of Bokhara has agreed to allow the passage of Russian troops and supplies through his territory in the event of war with England.

### Money and Troops Offered Dufferin.

RANALPINDA, April 2.—The Chiefs and Princes of the whole Indian Empire are now represented in person or by deputy. They have all, without exception, earnestly tendered to the Earl of Dufferin, the British Viceroy, troops and money without stint to uphold England in any possible difficulty with Russia.

### The Ameer Dissatisfied.

LONDON, April 2.—It is stated that dispatches received from Cabul to-day report that Sir Peter Lumsden has decided to favor the establishment of a frontier line which violates the integrity of Afghanistan, and that the Ameer is much incensed at this decision.

### GENERAL FOREIGN NEWS.

A Scene of Tumultuous Excitement in the French Chamber of Deputies.

PARIS, April 2.—A scene of tumultuous excitement occurred this afternoon at the sitting of the Chamber of Deputies. M. Jolibois, in a strong speech, accused the proprietors of the Parisian newspaper, Le Paris, of having published yesterday evening, for speculative purposes, a report that China had accepted the peace proposals which had been made by M. Ferry. M. Jolibois denounced in unmeasured terms this conduct, which he pronounced a scandal of so grave a character as to be beyond toleration by the French people. He urged the immediate impeachment of the Ministers, and moved that M. Henri Busson, the President of the Chamber, be appointed a committee to go to President Grevy and ask him to officially appoint a Commission to transact the business of the State pending the formation of the new Ministry.

The motion was rejected by a vote of 348 to 77.

The Chamber of Deputies and the Senate this evening both adjourned until Saturday.

### The Emperor Kissed Bismarck.

BERLIN, April 2.—Emperor William kissed Prince Bismarck several times during their interview yesterday, and tears filled Prince Bismarck's eyes. Visitors streamed to the palace throughout the day, and thousands of congratulatory letters and telegrams, including messages from all the European courts, have been received. Emperor Francis Joseph and Count Kalnoky telegraphed their congratulations.

Prince Bismarck last evening entertained 600 guests at a banquet.

### Atlantic Passenger Lines Being Depleted.

LONDON, April 2.—The steamer America, of the National Line, has been ordered by the Government to be got in readiness for naval transport sea service. The America is to be armed with ten guns. The Atlantic steamship companies, it is reported, are considering the question of the advisability of raising passenger fares and freight rates. If

the contemplated advance be decided upon, the reason given will be the depletion of the Atlantic fleets by the British Government's demands for transports.

### General Negriers Recovering—The Peace Proposition.

PARIS, April 2.—General De Lisle telegraphs as follows from Hanoi under date of Wednesday: "General Negriers is making favorable progress toward recovery. He has no feverish symptoms. The evacuation of Lang-Son seems to have been slightly hurried, especially after the success of our counter-attack, which was made without serious loss. The French brigade has twenty days' ammunition and provisions, and is able to await convoys. No further reason is given in regard to the very rapid evacuation of Lang-Son. The Chinese so far only appear desirous of reoccupying their former positions to the northward of De Quan and De Ovan. The situation is better than the overdrawn accounts of the past four days had led me to believe. Colonel Desbordes to-day assumed command of the Chu Brigade."

Le Paris asserts that China has accepted the French peace proposals and declares that Mr. Campbell conducted the negotiations on behalf of Sir Robert Hart, the Inspector General of the Chinese maritime forces. The paper says that China decided to accept the treaty of Tien Tsin, together with a treaty of commerce, provided that a month's armistice be granted and that the indemnity demanded by France be abandoned.

M. Ferry considered the terms acceptable with a few modifications. The French defeat at Lang-Son occurred beforehand, yet Mr. Campbell on Tuesday evening imparted to M. Ferry the Chinese reply which was favorable, China only reserving certain details in regard to the date and manner of the evacuation of Tonquin by the Chinese troops.

### Secure Fisher's Island.

HONG KONG, April 2.—The French on Monday began an attack upon the Peng Hoo, or Fisher's Island, situated in and commanding the channel between Formosa and the Chinese mainland. The engagement lasted until late on Tuesday, when the French succeeded in securing occupation.

### The Chinese Slowly Persuade.

PARIS, April 2.—General Briere De Lisle telegraphs under date of Wednesday evening: "The second brigade reached Chu at noon in good order. It was in contact with the enemy until 2 o'clock on Tuesday afternoon. Our losses were trifling. The enemy's pursuit was slow."

### China's Acceptance of Ferry's Proposals Confirmed.

BERLIN, April 2.—It is stated that the Chinese legation confirm the report that China has agreed to accept the peace proposals made by M. Jules Ferry, notwithstanding the recent Chinese victories.

### Slow Progress in Forming a Ministry.

PARIS, April 2.—The exile of the Orleans Princes, it is regretted, will be a feature of M. De Freycinet's programme. M. De Freycinet makes but slow progress in his task of securing a new Ministry.

### Arms for Canada.

LONDON, April 2.—A complete battery of muzzle-loading nine-pounders, with ammunition, has been shipped to Canada for use in suppressing the rebellion in the Northwest.

### Death of Lord Cairnes.

LONDON, April 2.—Earl Cairnes died suddenly at his residence, at Bournemouth, this morning.

### Railroad Company Sued.

SPECIAL TO THE SENTINEL.

VERNON, Ind., April 2.—Jeremiah Walker to-day instituted suit for damages against the O. and M. Railway Company, demanding \$5,000. In attempting to cross the said company's road he was struck by an engine, knocked down and hurt badly, having to have his left arm amputated, besides having to lay in bed for several months.
